INDEPENDENT AUDITORS' REPORT

February 25, 2011

To the Sole Manager of
Balance Sheet Solutions, LLC
Warrenville, IL

We have audited the accompanying statement of financial condition of Balance Sheet Solutions, LLC as of December 31, 2010, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Balance Sheet Solutions, LLC as of December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

<p style="text-align: center;">BALANCE SHEET SOLUTIONS, LLC NOTES TO THE FINANCIAL STATEMENT</p>
--

***NOTE 1: SIGNIFICANT ACCOUNTING
POLICIES***

NATURE OF BUSINESS

Balance Sheet Solutions, LLC (the Company) was formed on October 10, 2002, as an Illinois limited liability company. The Company is a broker dealer and investment advisor registered with the Securities and Exchange Commission (SEC), and is a member of the Financial Industry Regulation Authority (FINRA). The Company is a wholly owned subsidiary of Members United Bridge Corporate Federal Credit Union (Members United). The Company offers securities transactions and nondiscretionary investment advisory services to its customers, principally credit unions and credit union service organizations. The Company is currently engaged as a broker dealer for corporate debt securities, agency securities, government securities, and interest in mortgages or other receivables. The Company also solicits time deposits for financial institutions, principally Members United.

The Company utilizes Alaska USA Trust Company (the Trust Company) to settle its securities transactions with other clearing brokers. The Trust Company is the custodian for the securities owned by the Company and also maintains segregated accounts on behalf of the Company's customers. The Company operates a main office in Illinois, with a registered branch office in New York.

The Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(i) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a broker dealer. The clearing broker dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker dealer.

USE OF ESTIMATES

The preparation of the financial statement in conformity with accounting principles generally accepted in the United States of America (GAAP/USA) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include amounts due from Members United and the Trust Company which may, at times, exceed federally insured limits.

SECURITIES OWNED

Securities owned are presented in the financial statement at fair value in accordance with GAAP/USA. Investments in United States government agency securities are stated at cost plus accrued interest, which approximates fair value.

RECEIVABLE FROM PARENT COMPANY

The Company operates under a Master Services Agreement with Members United. The receivable from the parent company represents fees outstanding from Members United, which are deemed 100% collectible. (See Note 5)

<p style="text-align: center;">BALANCE SHEET SOLUTIONS, LLC NOTES TO THE FINANCIAL STATEMENT</p>
--

Note 1: (continued)

ACCRUED EXPENSES AND OTHER LIABILITIES

Accrued expenses and other liabilities are mainly comprised of funds due to employees for compensation and benefits and certain other accrued expenses.

INCOME TAXES

As a single-member limited liability company (LLC), the Company is a flow-through entity, which provides that the LLC passes on all income and expenses to its parent company to be taxed at the parent company level. Members United is a federally chartered credit union regulated by the National Credit Union Administration, with no tax liability under state or federal laws for itself and all subsidiaries, including the Company.

SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 25, 2011, the date the financial statement was available to be issued. Management has not identified any items requiring recognition or disclosure.

NOTE 2: FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the assets or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

<p style="text-align: center;">BALANCE SHEET SOLUTIONS, LLC NOTES TO THE FINANCIAL STATEMENT</p>
--

Note 2: (continued)

As of December 31, 2010, the Company's investments consist of United States government agency securities. These financial instruments are classified as Level 2 in the fair value hierarchy.

NOTE 3: EMPLOYEE BENEFITS

The employees of the Company participate in a 401(k) benefit plan sponsored by Members United. Employee contributions are matched by the Company at a rate equal to 100 percent of the first four percent of compensation contributed.

NOTE 4: CLEARING AGREEMENT

The Company maintains a custodial agreement with the Trust Company whereby customer accounts are settled by the Trust Company. The agreement calls for the Trust Company to maintain a segregated account titled "Balance Sheet Solutions Special Account for the Exclusive Benefit of Customers of Balance Sheet Solutions, LLC" holding fully paid-for customer securities for the account of the Company's own customers, as specified in SEC Rule 15c3-3(k)(2)(i). There were no unsettled transactions as of December 31, 2010.

The Company also maintains a separate custody agreement with the Trust Company in the name of the Company to hold cash, securities and other property for the account of the Company. As of December 31, 2010, the Company had approximately \$11,371,000 in the form of money market fund deposits at the Trust Company.

NOTE 5: RELATED PARTY TRANSACTIONS

Under a Master Services Agreement dated December 31, 2003, revised on December 31, 2007, and amended effective November 1, 2010, the Company, as an agent for Members United, provides marketing services and introduces financial products to Members United's members as well as provides certain other investment services.

The Master Services Agreement calls for Members United to provide certain corporate support services to the Company such as telecommunication service, office rental, and treasury and accounting support.

NOTE 6: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2010, the Company had net capital of approximately \$13,810,000, which was approximately \$13,710,000 in excess of its required net capital of approximately \$100,000. The Company's ratio of aggregate indebtedness to net capital was 0.06 to 1.

BALANCE SHEET SOLUTIONS, LLC
NOTES TO THE FINANCIAL STATEMENT

NOTE 7: CONCENTRATIONS

Since the Company does not clear its own securities transactions, it has established accounts with the Trust Company, which has relationships with entities for this purpose. This results in a concentration of credit risk with these firms. Such risk, however, is mitigated by the clearing brokers' obligation to comply with the rules and regulations of the SEC. Additionally, per the terms of the custodial agreement between the Trust Company and the Company, settlement for securities is due after delivery of the securities by the clearing broker. Thus, any failure to transact the trade on the part of the Company's clients is mitigated by actual possession of the security, which can be resold in the market.
